Flavour punch

Vitafresh has a new improved formula and contains no artificial colours, flavours or sweeteners. It's available in 11 delicious flavours, rrp \$2.99, as well as the new low-calorie range. Grab the flavour you love from the supermarket.

Hot stuff

Abe's Chilli & Horopito Bagel Crisps, rrp \$4.69, are deliciously spicy – try them with a creamy dip or straight from the bag. Baked not fried, and with no artificial flavours, colours, preservatives, MSG or GM products, these really are the healthy snack. Available at supermarkets.

Gold standard

For quality home baking that tastes great, you need to use premium butter – Mainland Butter, rrp \$4.79. Now Mainland Butter looks as good as it tastes with all new gold foil packaging – a first for New Zealand butter. Although it has a new "outfit", inside is still the same fresh butter taste we know and love. Made of all-natural and 100 per cent New Zealand ingredients, Mainland Butter is available from supermarkets nationwide.

To your health
